For Safety & Compliance Professionals

Conference agenda

Day 1: Wednesday 14 June

09:30 President's Address

Claire Heyes FCCA *President – ASCP Group*

09:45 A Vision for our Sector through the 4Cs of Safety

Matt Sharp *CEO – ASCP Group*

10:05 Compliance Versus Risk in Building Defects Cases. Tales from a Fire Safety Investigator

Ciara will explore the evolving issues around compliance versus risk in existing buildings through the lens of claims brought for defective buildings.

Ciara Holland *Partner – DCCH Experts LLP*

10:25 Using Updated Guidance To Save Money On Your Asbestos Projects

Emma Willey *Founding Director – ACS Risk Group*

10:45 Networking & Exhibition Break

11:30 Continuing Orbit's Building Safety Journey

The successes and challenges Orbit have experienced on its continued journey to meet the new requirements of the Building Safety Act.

Tom Franklin *Strategic Building Safety Lead – Orbit Group*

11:50 Incidents Do Happen – Don't Ignore the Defects!

Is your organisation overlooking seemingly minor issues that could have far reaching consequences? Chris will share some of CORGI's findings from Carbon Monoxide Incident Investigations for Energy Suppliers, the HSE and other regulatory authorities.

Chris Jones *Technical Safety Manager – CORGI Technical Services*

12:10 Inspirational Speaker: Scotty Mills, Royal Marine and Elite Team Coach

Scotty is the highest-ranking black officer in the history of the Royal Marines and led Britain's Commandos around the world. From his humble upbringing in South London to working as a performance coach in the world of elite sport and business – Scotty will inspire us with exceptional stories of the power of human inspiration.

12:45 Women in Compliance Coaching & Networking Session – with lunch

What if we knew no limits?

Stephanie Smith *Professional Development Coach*

12:45 Lunch, Networking & Exhibition Break

13:55 Heating Homes with Hydrogen: How DNV are Helping Prove the Safety Case

David Tomkin *Principal Consultant – DNV*

14:15 Heat Pumps in the Race to Net Zero

A deep dive into the current state of the heating industry, the latest research regarding the upskilling challenge and the support available to social housing providers.

Laura Needham *Head of Training – Vaillant*

14:25 The Electrical Policy – the Good, the Bad and the Under Review

From personal experience Calum will highlight the good and the not so good practice!

Calum Mansell *Technical Safety Manager Electrical – CORGI Technical Services*

14:45 Networking & Exhibition Break

15:35 Magenta Living's Governance and Compliance Journey from G2 Back to G1

The issues around governance and compliance that got us to the G2 and how we have revamped root and branch our Compliance culture and procedures from bottom to top, to help us get back to G1 following our IDA in Summer 2022.

Ian Thomson *Executive Director of Assets – Magenta Living*

15:55 **Asset Intelligence to Improve Data in Compliance**

Utilising AI machine learning insights, driven from live asset data from multiple sensors to optimise housing performance – allowing for proactive planning of asset investment and ensuring your residents live in a safer, healthier, sustainable home.

Andy Sturgess *National Specification Manager – Aico*

16:05 **Health + Safety – Next Generation: Charting our Journey to Full Integration and Best in Class Culture**

Boris Worrall *Group Chief Executive – Rooftop Housing Group*

16:25 **Closing comments**

Day 2: Thursday 15 June

09:30 **Day 2 open**

09:35 **The ‘State of the Nation’**

This presentation will deliver the latest updates as we draw tantalisingly close to the implementation of the new regime for higher-risk buildings!

Aman Sharma *Deputy Chair – Building Regulations Advisory Committee*

09:55 **Building Services in Protected Areas: Understanding the Risk, Elimination, Substitution & Control**

An overview of regulations and standards that are key and a look at installation and design factors that pose a risk to occupants and visitors with insights into how compliance and assurance teams can work towards reducing the risk.

Mark Duffy *Technical Safety Manager – CORGI Technical Services*

10:15 **Learning for the Housing Sector Emanating from the Death of Awaab Ishak**

As one of the advocates at the hearing Siôn will summarise the important lessons arising from this sad case.

Siôn Davies *Legal Director Healthcare and Public Law – Hill Dickinson LLP*

10:35 **LOLER and PUWER in Domestic Premises, If Or When Do They Apply?**

These regulations can be overlooked in domestic settings and deciding if or when they may apply can be confusing. Jamie will bring some clarity to this issue and when you may need to take action to keep your staff and residents safe.

Jamie Cooper *Technical Safety Manager – CORGI Technical Services*

10:55 **Managing Heat Pump Specification and Installation Best Practice**

From competence to maintenance. Managing the implementation of heat pumps in new and existing homes and how to avoid some of the most common mistakes.

Andrew Farquhar *Snr Product Manager, Heat Pumps – Ideal Heating*

11:05 **Networking & Exhibition Break**

11:45 **Prosumer’s Electrical Installations (PEI), Energy Consumption But Not As We Know It**

A journey back to the future to look at the changes in energy use and the role BS 7671 has to play as the UK moves towards net zero by 2050.

Michael Peace *Senior Engineer – The IET*

12:05 **Affordable Decarbonisation; a Pragmatic Approach to Emissions Reduction**

Building on MP Chris Skidmore’s independent review into net zero, Jeff will explore practical solutions to heat decarbonisation and update on the latest industry developments.

Jeff House *External Affairs & Policy Director – BAXI*

12:15 **Don’t Paper Over the Gaps**

The importance of ensuring that your Legionella risk assessments and management plans are current.

Adrian Thompson *Senior Water Hygiene Training Management Consultant*

12:35 **Closing Comments**

12:45 **Lunch & Networking**

13:30 **Event Close**
